

The Cairn Terrier Club of Canada Versatility Award Program

Versatility Award:

To earn a Versatility Award, a dog must demonstrate versatility through achievement in a variety of dog sports and activities.

Versatility Excellent Award:

To earn a Versatility Excellent Award, a dog must not only show versatility through achievement in a variety of dog sports and activities, but must also demonstrate advancement beyond a beginner's level in several of these activities. This award thus has a requirement for a minimum of 2 points per activity in at least 4 Categories.

A dog that earns the Versatility Excellent award must also demonstrate that it conforms to the Breed Standard in structure/temperament and/or function, resulting in a requirement for Conformation and/or Earthdog/Barn Hunt titles.

Definitions:

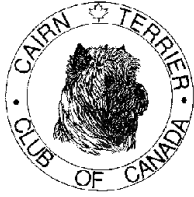

- Category:** A group of related sports or activities.
- Activity** An individual activity or sport within a designated category. Where there is more than one activity per category, points may be claimed for each activity.
- Level:** Title or performance level (each line in the table represents a level).
Where more than one titling organization offers titles for a particular activity, points will be awarded for only a single titling organization at each level.

Please note that not all titles are awarded points.

- For some titling organizations, only higher-level titles are awarded points (for example, points are awarded in Barn Hunt for titles at the Open level and above, while points are awarded for Tricks titles at the Advanced level and above).
- No additional points are awarded for titles higher than those listed in the tables.
- **Not all titling organizations are recognized under this program** (for example, only CKC or AKC Earthdog titles, or Barn Hunt Association Barn Hunt titles, are eligible for points for ratting sports in the CTCC Versatility Award Program).
- **Please contact a committee member prior to submitting your application if you have questions about the eligibility of a title, a titling organization, or a particular achievement.**

Please submit your Versatility Award Program Application to Marg Pringle (see contact information below). Be sure to include a copy of each title certificate with your application.

Category 8b: Miscellaneous Titles and Achievements

Title or Achievement	Titling Organization or Name of Program

This is your opportunity to make the committee aware of titles and achievements that are not included in earlier sections of the Versatility Award application form.

Titles in conformation, rapping sports, tracking, scent detection, obedience, rally obedience, agility, flyball, scent hurdling, lure coursing, or tricks that are not listed in the descriptions for Categories 1 to 7 **are not eligible for consideration in Category 8b.**

In order for activities to be awarded points, they **must involve training and the acquisition of skills by the dog.**

You must provide information about the program and the rules, along with a link to pertinent websites. If an official certificate is not available, you must provide a letter from the program director or supervisor, or a detailed description of the activity and the training that was required for the dog to achieve success.

One or two points may be awarded per achievement, but this is at the discretion of the Versatility Award committee. In the past, points have been awarded for Herding, Skijoring, and Senior Home visitation, as well as new sports and activities.

Please be aware that not all titles and activities will be awarded points. Some examples of activities that will not be awarded points are Sprinter, Stunts, and Canine Conditioning.

Please contact a committee member if you have questions about the eligibility of a title or achievement.
